Other Observations:

- Uytingkoc Development Corporation was granted an Environmental Compliance Certificate (ECC) with reference code: ECC-08-030312-0050 by this Office on 12 March 2003 for the Five Storey Commercial/Residential Building Project located in Brgy. 24, Tacloban City.
- The building construction was already completed. Government and Private Offices and commercial establishments occupied the building.
- According to the manager, Mr. Nicolas Jason Go, the building has a total gross floor area of 2,500 square meters only.
- One (1) unit septic tank was constructed for domestic wastewater generation for the entire building.
- Office records showed that the proponent has no submission of CMR semi-annually.

Remarks and Recommendation:

- Pursuant to EMB Memorandum Circular No. 2014-005, for project category under building including housing, storage facilities and other structures, which requires to secure an ECC shall have total/gross floor area of more than 1-hectare. A total/gross floor area of equal or less than 1-hectare is not covered by the EIS System, hence not required to secure an ECC and may secure Certificate of Non-Coverage (CNC).
- Therefore, the five storey building which covers an area of 2,500 square meters is not covered by the EIS System. Hence, cancellation of the ECC issued is hereby recommended.
- The proponent to secure a Wastewater Discharge Permit through the EMB Online System.
