	Pollution Prevention/Environmental				
	Management System Plan or Program?				
	5. Has the establishment submitted	1			
	copy of the Environmental Compliance				
	Certificate or Certificate of Non-				
	Coverage?		1		
	6. Does the establishment have a DENR		•		
	ID Number as hazardous waste				
170	generator, as applicable?				
	7. Has the estabishment designated or	✓			
	appointed a PCO?				
DAO 2005-	8. Does the establishment use its		✓		
10 Rule	effluent for Agricultural Purposes?				
14.6	a. Has the establishment submitted			1	
	certified true copy of land ownership				
	or notarized copy of agreement				
	between the owner of the land where				
	the effluent is to be applied and the				
	discharger/permittee?			_	
	b. Has the establishment submitted			٧	
	proof that wastewater to be used for				
	land application does not contain toxic				
	or substances (as defined in RA 6969)?				
	c. Does the establishment's			✓	
	wastewater applied for agricultural				
	purposes directly or indirectly seep or				
***	drain into groundwater or nearby				
	surface waters which will affect the				
	quality of such ground and/or surface				
	water?				
1	d. Has the establishment submitted a			/	
	Certification from the Department of				
	Agriculture (DA) stating that the				
	quantity, quality and distribution				
	methodology of application are suited				
	for agricultural purposes?				
1-1	e. Does the establishment use land			1	
	application only during periods of low				
	surface water flow to enhance loading				
	limits compliance?				
	f. Has the establishment submitted			1	
	baseline groundwater quality data and				
	self-monitoring report within the				
	discharge areas, and installed at least				
	one groundwater monitoring well				
	which shall be drilled in each dominant	- 1			
	direction of groundwater movement?				
	g. Has the establishment submitted an			1	
	emergency plan – which shall respond				
	to emergencies that can prevent or				
	minimize damage to equipment, land,				
	groundwater, etc., and/or public				
	health?				

h. Does the plan highlight the design considerations, systems operation, treatment/monitoring of soil, crops, effluent and groundwater before/after irrigation? Such requirements shall be in addition to Section 14.2.

### Other Observations:

- > The establishment is operational during the time of inspection
- ➤ The area occupied by the tower is approxiamately 64 m² with gross floor area of less than 1 hectare. EMB MC 2014-05 requires a building to have at least 1 hectare to be required of an Environmental Compliance Certificate(ECC).
- > Only four personnel manning the building

### Remarks and Recommendation:

> For ECC Cancellation since the project is already not within the purview of PD 1586.
